He explained that the city was very short of funds, out the committee thought appropriation would make the chain ging obst this year \$520, when last year it did not cost He teared that other departments of work would cast more this year than last.

Mr. C U. Smoot said he had been informed by the Auditor that there were only \$52 to the credis of the Poor Fuad, and he desired to infrm the Council that he expected to have to ack for so editional appropriation.

A petition, signed by a large number of business men of the city, asking the City Council in this way.

The petition was reclived and a resolution appropriation the \$1 500 asked for, and authorizing the Pinacos Committee to make the

The increased rayand from the market, derived from the Maryhad people, who would come here in large numbers i a staamer was tuo regularly between the cay and the opposite shore, would more than pay the interest on the money invested. Col. Mr. J. B Smoot dil not see that the City Cou e thad the right to spor priste the money or at the people to bestill a few men on the wintf. He keew when the steamer was run regularly between this city and Marylacd; then the line hardly paid correct expenses. The Maryland trade went to Washington, because there was a good road with a free bridge. The detaces from the top of Ozen bill to Washingice was only two in les greater than from that place to the ferry wharf, and every body knew that the Ox n hill road was a rough road to travel. A few people fising stu b of the ferry might eime here, but there was not a trucker north of the elle who would not go to Washington. Al xindeis and Fairfex countien could tradase more vere ables. &a., than there was our ago Virginia people go to Washington because they get better prices there for their stuff. It cur own people prefer the Westington market is it to be sup-resed that Maryland people will pay a toll in

com here. No; if there was any prospect of a large stream of people coming here if a steam r was put on the route, the City Consoil would not be asked to appropriate one cone; purate enterprise would run the steamer, and the city would not justify the making of the oppropris ioc. A levy of fitteen comes on the \$10) will rave to be made to pay the Delahay spraties, making a tax of \$1,95; if the \$1,500 is appropriated tix more ceats will have to be raised. It would be said that the gentlemen from whom the beat was to be purch-sad would take the notes of the city, but he might come on us at a time when the city was not prepared to pay. desired to explain it. He then gave what ap-

offer was the engraver's. The Auditor had tiered and remedied.

The caponers of the year previous was \$3 955. Mr. () ... Smoot moved that the report be toties and the thanks of Council be returned

die ion of Council came up night here. He had heard that some of the wardens had retosed to quality by taking the oath prescribed. giving as a reason that they had taken the bath one, and would not take it again. This was tot seconding to his views. He thought the law inche to be compiled with. If any goolieman did not think be ought to comply with the !! W he ou, h; to say so, and then there would be a Viewcy. The Warders ought to be compelled to quelig see rdieg to law, or their places filled by store who would. He would not vote to e motion at ear man who put himself in appoat the to laza of the State and Corporation.

Straus hoped the geotleman would withdaz his opposition as the Fire Wardens had thebarged their duties faithfully. The queetion rained by Cal. Raid could come up at souther tique.

front if the fish wharf came up, Mr Peake said 600 or 800 cubic yards would fiquire to be dredged and the cost would be \$150 or \$200.

The order for the work was made. A communication was received from City Treasurer Harlow solting out that the Finance to be issued under Sec. 9 of the Fanding Ant of 1879 and that he had deposited the same in the First National Back, but he had now been notified by Cashier Hooff to remove the box containing the bonds and he asked and ic-

these bonds. The matter was referred to the Finance Committee.

The bill in relation to establishing a class of shelled streets and compelling foot pavements thereon published two weeks ago in the Gazotte was called up.

Mr. Eichberg doubted the propriety of acvaccing money for pavements, for it would be a matter of doubt whether the money could ever be gotten back again.

The chair thought the object of the bill was to improve the carriage-way and thus induce eweers to put down foot pavements. Mr. Peake and Mr. Sweeney made some in-

quiries as to the operations of the proposed Mr. Marbury urged that the city had bought

experience on this subject. It had paid some \$3000 for pavements and the bills were yet uccollected. He objected to spending more money

Mr. Lambert understood that the act of limitation was the trouble; that these bills had been left over uncollected until they had gotten cu: of date. That was perhaps the reason why they could not be collected.

Mr. McLean explained his view of the bill and urged that the shelling of the streets was not necessarily connected with the paving of

After further debate a partial vote was taken and before it was announced the bill was laid over until the nat meeting.

The other business found in the official prooccdings was conducted without debate except that when the resolutions as to the Farry boat came in from the Aldermen referred to the Finance Committee, there was a halt in a concorrecce until it was assertained that the refereuce did not carry with it the right to subscribe for the forry boat. There was some difficu ty before the performance commenced about reserved seats, owing to the fact that many who had purchesed thirty five cent tickets had failed to select their places, as directed by the the advertisement.

> EUILDING IMPROVEMENTS .- A large cumber of buildings are to be erected in this city during the present spring. Messrs. B. F. Price and James E. Waddey will commence the ercotion, at an early day, on the lot on the corner et Cameron and Columbus street, recently pur-chased by them from the City School Board, s x three story brick dwellings. These houses. which are to be after the Romanerque style of architecture and fitted up with all the modern conveniences, will be a great improvement to that locality. The erection of a number of buildings has aiready been commenced in different sectipes of the city.

> EXODUS OF COLORED LABOREES .- During the past month large gangs of colored men hava been leaving here almost daily for Pennsylvania where, it is said, there is work, with good wagas, for all who desire it. A large number of colored men left here yesterday morning for Pittebarg, Pa, where they will go to work on a railroad. Another gang left here in the afternoon for the same place. There are, however, numbers of idle colored men launging around this city who will not, the contractors say, accept of employment outside of Alexandria.

LARGE CARGO OF ICE. - The schr. I. Car bell arrived here on Monday from Booth Bay. Me., with 800 toos of ice for Mr. F. A Reed. This is one of the largest cargoes of ios ever landed at this port, and yesterday, large force of men were at work unloading the elevated railway, recently constructed by Mr. B.
